

## Coming Soon: Bio-Hotel Schani Wienblick

The Schani Hotel Group is growing and growing! This time we are moving to the outskirts of Vienna, where our new Bio-Hotel Schani Wienblick will open before the summer of 2023.

What will remain of Umwelthotel Gallitzinberg? The family atmosphere, which together with the quiet location in the middle of nature and the typical Viennese Schani charm will ensure a particularly relaxing stay.

### What you can expect:

— 15 Rooms and family studios

— Organic certified breakfast buffet

— Bus stop directly in front of the door, only 30 minutes to the city centre by bus and subway

— 2 apartments, each with a kitchen for up to 5 guests

— Hotel bar, also open for external guests

— Quiet location with a wonderful view of Vienna

### — Nature meets city

Guests at Bio-Hotel Schani Wienblick do not have to go all the way to the city centre to discover Vienna's sights. The best of two worlds awaits our guests at Vienna's Wilhelminenberg and there are plenty of opportunities to relax in nature around the hotel. If you prefer to visit the classic Viennese sights, you can just hop on the bus right outside our front door and reach the city centre by public transport in just 30 minutes.

### — Green through and through

Love of the environment and personal service have played a major role at Hotel Gallitzinberg for decades. We would like to carry on with this tradition. That's why we will continue to focus on sustainability, when the hotel reopens as Bio-Hotel Schani Wienblick. From the organic delicacies at breakfast to the Fairtrade bed linen in the rooms and the vegan natural cosmetics in the bathrooms.
